

# Saguaro National Park

This is the sign order form UNICOR received from the park. Notice the margins are all equal (4").

This is a photograph of the sign the park received. This sign should be returned to UNICOR for free replacement.

Why? Notice the margins. Margins are ALWAYS equal to the height of a lower case (lc) letter. On this sign the letters are 6" uppercase (uc) and 4" lower case (lc). The left and right margins are much larger. They are, in fact, 10.5".
